

Goldrich Kest Executive Promotions

Developing an executive team with experience that spans across the “communities we both serve and live” is one of the most important aspects in planning for the long-term success of GK. Against this backdrop, we are pleased to announce the promotions of Sarah Furchtenicht to Executive Vice President of Risk Management, Marc Walton to Chief Financial Officer, and Tony Mouallem to Senior Director of Construction and Operations, effective January 1, 2017.

- **Sarah Furchtenicht** has been with GK since 1997 and in her current role of Vice President of Risk Management since 2014. Sarah has expanded her role over the last several years – assuming responsibility for all Fair Housing matters, as well as leading our Activities Programs – Summer Camp, After School and Senior Programs. She is a caring people leader and skilled negotiator in generating positive results on behalf of GK, two strengths that will continue to serve her well as the Executive Vice President of Risk Management.
- **Marc Walton** is being promoted to Chief Financial Officer from his current position of Vice President of Finance. Marc joined GK in early 2014. During his time at GK, Marc has developed a strong team while also improving business processes and procedures to effect change and added benefit throughout GK.
- **Tony Mouallem** has worked for GK as the Director of Construction and Operations since March 2016 and brings with him 20+ years of experience. While taking on several roles on any given day, Tony has demonstrated his ability to successfully oversee the construction department and property operations. Tony also joins our Executive Committee as part of his promotion to Senior Director.

These well-deserved promotions come as a result of the excellent work Sarah, Marc, and Tony have done for GK.
